Mike:

We have not filed a complete copy of the Administrative Record with the Court and we do not intend to. Because Prudential put Mr. Jeffries in benefit and because the Court has issued the opinions it has, the record is unnecessary to the determination of any issues that remain. We also believe that the videotapes and supplemental pages are not germane to the pending motions.

We regret the omission of Pru 730-52; it must have been a photocopying error. AS you can see, they are documents you have seen before.

We have not yet responded to the subpoena. I will produce the entire record in the case, except privileged documents. Please confirm that you want this duplicate copy.

Have you filed a complete copy of the Administrative Record with the Court? Since it is Prudential's Record it makes sense that you file the Record. Also, did you (or will you) provide the Court with: (i) copies of the Book submitted by Mr. Jeffries during his Administrative Appeals; (ii) all of the videotapes; and (iii) the additional Record pages you provided me both during this suit and during our New Jersey depositions?

Also, I have never been supplied with the Bates range of documents: PRU 00730-752. Can you fax those to me today?

Finally, with respect to the other litigation, on May 7 I asked that you provide me with a copy of the documents you sent to Ellis in responding to his subpoena. Would you kindly do that for me as soon as possible?

Regards, Mike
